Meeting Reminder

We meet at the Barley's in the Old City. Meetings are at 7:00pm on the 1st Tuesday of each month.

A' Zuma--Zuma dream ? ?-----NOT---!!

East Tennessee is struttin' proud after this past weekend's SCCA Road Racing National Championship races at Mid-Ohio Race Track. This years F-Production Championship podium included our own (East TN Region) Mark Irwin and his Zuma-Zuma Fiat/Bertone X-19. In addition to finishing ahead of a raft of British iron (MG's, Austin Healy's, Triumphs and Turners) the Zuma-Zuma X-19 piloted by Mark headed the likes of some impressive German machinery (Porsches and Opels), several Japanese wannabee's (Toyota's and Honda's) and at least one other very quick X-19.

Mark's Championship run began earlier last week with a rather frustrating week of practice sessions and missed qualifying sessions. Of the three qualifying sessions possible that week Mark sat out two (Tues and Wed) because parts of his engine were in the machine shop. Finally the work was complete and the engine put back together, one 20 min qualifying session is left on Thursday and everything is on the proverbial line. The session starts on time and after a couple of laps to warm tires, engine and driver, Mark sets his focus on shaving the clock, 2 good laps --another even better lap---

things are starting to come together, and “poof” the Zuma-Zuma dream comes to an end for Mark. One of the Porsches pushes too hard and pops the concrete wall in the famous Thunder Valley portion of Mid-Ohio Race Track. Mark avoids the carnage BUT the extensive clean up required of the German pieces - Porsche-parts scattered by the impact consumes all of the remaining time in the qualifying session. The tight schedule calls for many more groups to qualify on Thursday and thus Marks effort is cut short, just as he is coming up to speed. Mark will make the field but at a somewhat disappointing 12th place on the grid out of a 31 car field. This is the 1st time in several years that Mark starts out of the top 10 in this annual National Championship Race. The car has more potential and Mark has more potential. Both will have to wait for the race.

Mark’s F-Production National Championship race is scheduled for mid-afternoon on Saturday. The Friday rains/deluge have stopped. Saturday morning skies have cleared and the temperature is a balmy mid-70’s with the sun shining, perfect race weather (the first good luck for Mark all week) --maybe this is an omen. The F-Production field, 31 cars strong has a fast start and Mark’s Zuma-Zuma X-19 begins to advance. The track is fast and lap-by-lap Mark moves up, four positions in as many race laps. He takes a short “breather “ in laps 5-8 and begins another charge in lap 9. The next 8 laps sees Mark carve his way up 5 more positions to 3rd in the field. Many cars have already fallen by the wayside but the well prepared (by Mark himself) X-19 continues to push ahead. The “sprint” format of these 50-mile (20 lap) National Championship races doesn’t allow for any pit-stops or any mistakes, one wheel off the track or one missed shift can determine the whole story of where you will finish. Precision and speed are what you need to get to the Championship Podium and right now Mark has both. One lap to go and the fierceness of the competition comes back hauntingly, Mark drops to 4th as he is out-braked at the end of the back-straight, the fastest portion of the circuit. Relentless and with less than one lap to go Mark fights back, and successfully takes back the lost position for a convincing third place finish and a coveted place on the Championship Podium. In Victory Lane the congratulations are flowing, as are kisses and hugs from the loyal Crew Chief ----Lynn his wife. A television interview (Speedvision) ensues and pictures - pictures - pictures abound. A trip to the Victory Circle Championship Podium follows and more pictures with the obligatory sponsor hats and race wear being duly displayed.

Mark’s Victory Lane wish said it all--“Gosh, ---- I hope I don’t wake-up and find out that I’m in the bed at the motel and all this has just been a dream....” Happy to report is not a Zuma-Zuma dream, ---- it is REAL Mark, you did it all and have got your first National Championship podium finish in the record books, ---- **CONGRATULATIONS!!**

As far as the “Zuma-Zuma” goes, for those who have not figured it out---Zuma-Zuma is Italian (Fiat/Bertone) for the well-known Japanese “Zoom-Zoom” we hear so much about--<G>...<G>.

Elections will be in November.

Debbie reported on trying to get ThunderWorld for the Christmas Party. They are not being very cooperative.

Solo II Entry Forms

Entry forms and Tech sheets are available on the web page in the Solo II section. The forms on the web page can be filled out on-line and printed, or printed out blank and filled in by hand. Bringing a completed Entry and Tech sheet with you to the event will keep you from having to 1) crouch over the registration table, 2) wait for an available pen, 3) find out who ran off with the clipboard, and should speed up registration considerably.
